District Incentive Fund Highlights

- Income-generating activities to increase *mutuelles* membership
- Improved hygiene and water quality and quantity through construction of 56 latrines and 20 demonstration rain-water catchment cisterns
- Renovation of cell offices
- Community-provider partnership (PAQ) teams supported with income-generating activities
- Medical equipment for district hospital and health centers
- Solar energy at Kirwa Health Center

Community Health Workers Appreciated

More than 200 community health workers received donations of water cisterns in Ngoma as an expression of appreciation from the population for their work on improving child health, particularly control of diarrheal disease. The district water technician explains proper care of the cisterns, above.
